Dear Ms. Verfuertth:

Re: Uniform Dwelling Code (UDC) Ordinance for the Town of Port Washington

We have reviewed your ordinance #91-2. The ordinance satisfies DILHR rules stated in section ILHR 20.06 and is acceptable to the department.

You may begin enforcement of the UDC using state permit forms, permit seals and procedures explained in ILHR Chapter 20. Your inspector, Richard G. Fellenz, should be familiar with this process.

Please use the attached "Material Order Form" to order your seals and other applicable forms. Please note that no new UDC permit should be issued without first assigning that building a permit seal. If there are any questions on this procedure, please contact our office.

Sincerely,

Ergun I. Somersan, P.E., Chief
